

Introduction to the consortium

Villiers High School, Elthorne Park High School and Dormers Wells are joining together to create a sixth form consortium named 6th Dimension. Together the three schools will offer a wide range of courses. Students who join the 6th Dimension will have access to the facilities at all three schools.

Connexions and EMA

We have a Connexions advisor who will help you make the right decisions, along with our team.

You are eligible to receive Educational Maintenance Allowance (EMA) for all our sixth form courses. This can be up to £30 a week depending upon your household income. In addition, you will need 100% attendance, apart from any authorised school absences. For further information go to

www.dfes.gov.uk/financialhelp/ema

Facilities

New Sixth Form Centre

Our sixth form centre is brand new and our designer had input from Villiers students. The sixth form centre has a screen, a quiet study area and a common room as well as a green outside area – solely for the use of by sixth formers.

Information Technology Centre

The ICT centre has PCs with the latest software, laser and colour printers, scanners and internet connections. All curriculum areas have up-to-date computer facilities. All rooms have wireless access.

Learning Resources Centre

The learning resources centre is well-equipped with loan facilities for DVDs and CDs, a range of magazines and newspapers, a plasma screen, reference texts and fiction for all ages. Our librarian is always available to assist you.
